This MEMORANDUM OF UNDERSTANDING is made on this 4th day of November, 2019.

BETWEEN

1. Department of Agriculture Sciences, Jagan Nath University, Bahadurgarh, Haryana along with its partner institution Jagan Nath University, Jaipur (where the context so admits includes its successors and assigns), as the first party.

AND

2. Department of Plant Pathology, National Institute of Plant Breeding and Acclimatization, Radzikow, Poland, as the second party.

NOW IT IS HEREBY AGREED as follows:

PART I

SCOPE OF COOPERATION

The areas of cooperation include, subject to mutual consent, programmes offered at both institutions as felt desirable and feasible on either side, or that both sides contribute to fostering and development of the cooperative relationships between the two institutions. The assistance to be provided by each of the parties will be in teaching, research, exchange of faculty and students and cultural exchange as deemed beneficial by the two institutions.

PART II

GENERAL AREA OF COOPERATION

Assistance shall be carried out, subject to the availability of funds and the approval of the Competent Authority of both parties for the following activities and programmes as:

- 1 Exchange of students;
- 2 Exchange of faculty members;
- 3 Joint research projects;
- 4 Participation in international seminars and academic meetings;
- 5 Exchange of academic materials and other information;
- 6 Special short-term academic programmes like short courses, workshops etc.

Certified True Copy

Registrar

PART III

INTELLECTUAL & TECHNICAL PROPERTY RIGHTS

Intellectual Property Rights (IPRs) such as patents and publications emanating from joint projects/activities shall be joint and shared by each party.

PART IV

IMPLEMENTATION OF THE MOU

Specific details on the implementation of each area of collaboration shall be mutually agreed. The two parties agree that they will be free to participate in such projects acting either individually, or collectively. This arrangement may also be extended to Jagan Nath University, Jaipur as partner of the first party.

PART V

RENEWAL, TERMINATION AND AMENDMENT

This agreement shall remain in force for a period of three (03) years from the date of the last signature, with the understanding that either party giving notice three month in advance to the other party in any year may terminate it. The agreement may be extended by mutual consent of the two parties.

This agreement may be amended by the exchange of letters between the two institutions. Such amendments, once approved by both institutions, will become part of this Memorandum of Agreement.

PART VI

COORDINATION OF ACTIVITIES

Prof. (Dr) R. K Behl of Jagan Nath University, Haryana will coordinate activities covered under this MOU in India and Prof. (Dr) Edward Arseniuk will coordinate activities covered under the MOU in Poland.

IN WITNESS WHEREOF, the parties hereto have offered signatures:

Memorandum of Understanding (MoU)

**SRI KARAN
NARENDRA
AGRICULTURE
UNIVERSITY
JOBNER
(JAIPUR)
RAJASTHAN**

JAGAN NATH
UNIVERSITY, JAIPUR
[UGC APPROVED & NAAC ACCREDITED]

Jagan Nath University, Jaipur

In accordance with a desire to promote cooperation in areas of mutual interest for the benefits of both institutions, **Sri Karan Narendra Agriculture University, Jobner, Jaipur** and **Jagan Nath University, Jaipur, Rajasthan**.

Sri Karan Narendra Agriculture University, Jobner, Jaipur (Rajasthan) is a state Agriculture University and established by the enactment of the Legislature of Rajasthan state through University Act, 2013 (Rajasthan Act No.20 of 2013) and Accredited by the ICAR, New Delhi and engaged in Agriculture Research, Teaching and Extension.

Jagan Nath University, Jaipur has completed successful ten years in higher education with great sense of satisfaction and achievements. Established in 2008 by an Act of Rajasthan State Legislature and approved by UGC under the UGC Act, 1956, it is the dream endeavor of Jagan Nath Gupta Memorial Education Society running educational institutions in Delhi, UP, Haryana and Rajasthan. The University has been accredited by National Assessment and Accreditation Council (NAAC) and is also a member of the Association of Indian Universities (AIU). All the professional courses are run with the approval of regulatory bodies such as Bar Council of India, Council of Architecture, National Council for Teachers Education, Distance Education Bureau-UGC etc. The university has already adopted Choice Based Credit System (CBCS) of the UGC. The university has well qualified and experienced teachers who are taking initiatives for quality research by publishing books and research papers in the leading national and international journals having high impact factor.

Sri Karan Narendra Agriculture University, Jobner and **Jagan Nath University, Jaipur** Rajasthan desire and intend to develop co-operation and collaboration in research for development, particularly in Plant Biotechnology Nanotechnology, Medical Microbiology, Environmental technology, Molecular biotechnology, Bioinformatics and other agreed activities that further the aims and objectives of the Institutions as follows:

1. To encourage and use their reasonable endeavours to effect, within the limitations of the Institutions' resources, policies and procedures, visits from one institution to the other by members of the academic, research, skill training, placements, innovation, entrepreneurship and other staff for the purpose of participating in teaching, training, research for development programs and other agreed activism.
2. To develop within the limitations of the Institution's resources, policies and procedures, collaborative work plans that specify the activities to be undertaken, objectives and targets, implementation mechanisms, role and responsibilities, and resource contributions.
3. To jointly explore external funding opportunities through project proposal development, thus enabling both parties to expand and extend their collaborative activities.

Certified True Copy
Registrar
Jagan Nath University, Jaipur

4. To provide, within the limitations of the institutions' resources, policies and procedures, qualified students hosted by one institution access to research opportunities and/or degree programs at the other institution.

5. To encourage the exchange of scientific materials, publicatories and information. The actual exchange of materials will be done on a purely voluntary basis and subject to required institutional Material Transfer Agreements.

6. Any IPR issue emanated from joint research funding from any government agency under this MoU will be the joint property of the both Universities. IPR issue will be "patented as joint patent". Benefits emanated from commercialization from developed technology under this MoU will be shared between both Universities.

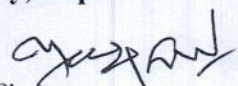

This document is not intended to create legal or binding obligations on either party. It serves only as a record of the parties' current intentions. Before any of the activism set out in this Memorandum of Understanding (MoU) are implemented, to ensure the activities can be accomplished in conformity with the law and so as to enable the principles set out in this MoU to be implemented, the Institutions shall enter into a formal and bring separate agreement or agreements with each other which will detail the specific form and content of type of activities and cover the responsibilities and rights of each Institution. Such agreements will be negotiated in good faith.

This MoU commences from the date of last signing and shall be in force for 5 years. The MoU may be terminated at any time by mutual consent or by 6 months' notice by either party. It may be amended, modified, extended, or renewed only by the written consent of both Parties. The Institutions agree to review this MoU six months prior to end of the year term.

The specific terms of this MoU do not preclude the development of future collaborative ventures or projects not mentioned in this document.

This MoU is prepared in two identical copies. Each Party holds one original copy duly signed by the other Party.

The main objectives as per the Memorandum and Rules and Regulations of the Institute are as follows:

1. To undertake and promote the study of applied and operational research in problem areas of organic Agricultural cultivation/ Harvesting and Marketing and to act as co-ordination between farmers, Students, entrepreneur and business persons to various research studies and dissemination of technologies relevant to Agricultural.
2. To impart training to personnel working at various levels of organizations involved in commercial cultivation of medicinal plants, Agricultural Marketing, dairy development, forestry, horticulture and different sectors of agriculture, Agricultural Universities, Co-operative Marketing Societies, Commodity Boards, Input Agencies and regressive farmers, Entrepreneurs, etc.
3. To conduct research on long-term projects, policy formulation; prepare status paper on leading farmers issues; cases studies in specific cultivation and harvesting problems, processing industries, *exsitu* and *insitu* conservation of wild species of medicinal plants which have a direct importance for national economy.
4. To offer consultancy services to farmers, agri entrepreneur and agri businesspersons. To prepare co-prepare Master Plans for States, Export Institutions, Traders and Farmers.
5. To help Government to generate self-employment for educated youth by providing skill training in agriculture sector.
6. To assist Government to formulate policies on emerging issues in economic development of rural farmer.
7. To cover wide information network in the country in Agricultural Marketing for the benefit of all concerned students and agriculture business man.

About the Partner Institution:

Jagan Nath University, Jaipur has been established in the year 2008, by an Act (Act No. 19 of 2008) of the Rajasthan State Legislature and is approved under section 2(f) of UGC Act 1956, vested with the authority to award Degrees, Diplomas and Certificates. The University has been established to cater to the growing needs of higher education in the country. One of the primary objectives of this University is to develop and make available, trained manpower to accelerate sustained economic growth in the current highly competitive global environment.

In order to face the challenges of globalization and liberalization in the field of higher education, the University has endowed its faculty and students with modern

technologies, facilities and resources so as to enhance their competency and quality of teaching so they are able to contribute constantly towards learning & research. It is true that conducive environment with updated technological inputs and latest information helps not only providing quality education but also provides human touch and ensures fervent dedication to the cause of the nation and the society.

With the above aim in focus and to make the University as a Centre of Excellence for higher studies and research, the University has been equipped with excellent physical and academic infrastructure, latest curriculum, and improved teaching methodology. Best talent has been recruited as faculty, industry interaction and practical exposure makes the learning process at the university dynamic. Our aim is to make Jagan Nath University as one of the best Centres of Excellence in higher studies and research.

Activities:

Agriculture plays a vital role in the Indian Economy. Almost 60 percent of the Indian work force is involved in agriculture and there is potential for the substantial growth of the sector. The demand for the trained professional in this field is very high both nationally & internationally. A student after completing B.Sc. in Agriculture from Jagan Nath University which is one of the best Rajasthan agriculture universities gets a well paying job right after Graduation and he can also progress towards Post Graduate degree and Research.

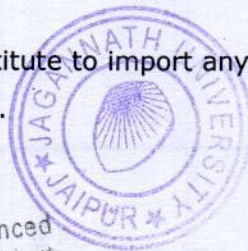

To provide an opportunity to students to develop self confidence in training and better understanding of practical problems faced in the field by the farmers socio-economic aspects of the villages more closely. The programme also includes a compulsory one semester of internship (Rural Agricultural work experience). Prepare students to face the challenges in the fields related to agriculture. Industrial exposure through internship, Industrial visit and interaction with the experts in the field of agriculture. Course curriculum is very broad, inter disciplinary consist of courses in Agronomy, Horticulture, Plant Pathology, Agricultural Economics, Entomology, Genetics Plant breeding, Soil Science, Food Technology, Animal Husbandry.

Collaborative Approach:

Name of the Start up : Kaayik Chikitsa

Name of the Student Entrepreneur : Mr. Aman Sharma

Name of Mentor : Dr. Shilpi Khandelwal

Ayurveda, the ancient path to wellness, is getting popular day by day. The reason is that it is regarded as 100 percent safe, with little side effects, and an intelligent way of medicine. This is the reason why many youngsters are getting attracted toward the Ayurveda as a means of earning as well. Ayurveda presents a multibillion-dollar global business opportunity. Things have changed over time and Ayurveda practice is truly world class with the introduction of standard operating procedure and set up a stringent quality standard for Ayurveda medicine. Modern practice in Ayurveda is gaining ground and the modern hospital are also starting this practice. *Seeing this one of our student comes up with an idea for having a start up in ayurvedic medicines. The idea was well screened in many rounds of meetings with the student and a pilot project was done. After the feasibility analysis the idea was taken for further development and the student was mentored for marketing of the ayurvedic products in the incubation centre.*

Plan of Action suggested to the Student in the incubation centre by the mentor :

Selecting a Unique Name of the Company

Student was first mentored to select a unique name for the company which defines the business and conveys meaningful meaning. A unique name helps in brand advancement.

Selecting the List of the Products for launching

Student was mentored and helped in choosing a right mix of products on the basis of market analysis. Products having great consumption, demand & profit margin in the market with huge potential for growth were chosen.

Identify your target market

Identifying the target market is a requirement for any successful business. Student was advised that instead of thinking about how to market Ayurveda, you should think of effective ways to serve potential customers in the best possible way. Instead of talking to every person you meet about Ayurveda, try to discover a specific group of people who can benefit more from this alternative field of medicine.

Combine sales with initial consultation

Once the student has identified the target audience, he was mentored to make efforts to build up his website and make an online presence. Student was advised to try incorporating his marketing strategies in the website. He was advised to offer free initial consultation along with the first order.

Patents

Ayurvedic medicines have grown from just being antique medicines to a popular science. Student was mentored for exploring the possibility of having some products patented for business prospects in future.

Conclusion

Ayurveda as a business opportunity has many dimensions which need to be explored. From traditional ointments being only used by Vaidis in the earlier times to modern medicines being manufactured by big brands, the Ayurveda business has definitely come a long way. Ayurveda is a vast subject with ample of business ventures. In fact, with much improvement in the medicinal world, more and more people are getting attracted toward Ayurveda. These include a major percentage of those people who have got hired from the side effects of Allopathic medicines. Thus, venturing into the Ayurveda business is a wonderful opportunity for our student and scalability is very high in this business.
