FACULTY OF MANAGEMENT

Seminar on

"Research Methodology"

Resource Person : Prof Bhagirath Singh

Sept. 1, 2015

Seminar is a way of enriching our students with the latest updates of the Industries and Technicalities. Seminars/ Guest lectures are an integral part of the pedagogy of Faculty of Management. Corporate head-honchos as well as doyens from the academia are invited to share their valuable insights from their rich experience about contemporary business issues, the challenges they are faced with and how they dealt with them. These sessions serve as the ideal platform for the students to supplement their theoretical knowledge with first hand perspectives from some of the stalwarts of the industry and also appreciate the different dimensions of handling modern day business challenges.

A Seminar was organized by Faculty of Management on Sept. 1, 2015 on "**Research Methodology**"

The resource person was Prof. Bhagirath Singh (Vice Chancellor, Raffles University). He explained that for management research to progress, it is important for the researchers to assess the methods they employ. He emphasize that the impact of management studies depends upon the appropriateness and vigor of the research methods chosen. He helped the students to understand the various concepts of research and their significance. The lecture was followed by question and answer session.

FACULTY OF MANAGEMENT

Social Entrepreneurship

Resource Person : Mr. Ravi, Administrative Head, A L Paper House, Jaipur

Date : 12 September, 2015

The Entrepreneurship cell, Faculty of Management Studies, Jagannath University, is a program to induce cross-functional approach to management education, and through its activities incubates in its students Entrepreneurship concentration for those interested in the area of startup ventures or managing small businesses. Event was coordinated by Dr. Shilpi Khandelwal & Dr. Jyotsna Sharma.

Mr. Ravi from A L Paper house explained the students the entrepreneurial effort of a man who has given today employment to 1000 plus workers from the surrounding rural areas. The students were also shown the various processes involving in the manufacturing of handmade sheet. They were explained about the benefits of entrepreneurship and were also shown in practical the theoretical management principles. In addition to that they were shown how a firm can be environment friendly in every aspect. They were also shown the cleaning of raw material, printing process, process of value addition and quality control & process layout of the product manufacturing. This seminar was of special importance as the company business model is totally based on the concept of social entrepreneurship. The very unique marketing and sales promotion techniques were explained by Mr. Ravi. He also explained the students about the various international marketing efforts followed by the company. The seminar was very fruitful for the students and would help them to shape their entrepreneurship skills in future.

About the Speaker

Mr. Pieush Vyas

Mr. Pieush Vyas is presently working as Assistant Vice- President in the eSunScope Pvt. Ltd, Jaipur. He has an experience of more than 15 years of various academic and industrial sectors in India and overseas with an excellent track record as a Professor, Solar Power Plant Designer, Project Manager, and General Manager-Operations. He has successfully done various solar projects in India and overseas. He Has also been awarded the “Bharat Ratna Dr. Abdul Kalam Gold Medal Award” for Individual Achievement and National Development. He possess good academic background with long Industrial and academic experience with dual Master degrees from renowned Institutions of India and Abroad makes me suitable to work in a multicultural environment. He has a Sound knowledge of MATLAB, AutoCAD, and energy assessment software like HOMER Pro, RET- Screen, PV Syst, PV*SOL and about P(75), P(90) analysis of solar sites. He has a Comprehensive knowledge of the concepts and applications of Wind & Solar Energy theories and practices. Besides, he has a Knowledge of all aspects of Designing of Grid Connected solar PV.

Faculty of Engineering & Technology

A Report on

'Solar and Smart Energy Systems'

(28th April 2016)

The FDP was organized by Faculty of Engineering & Technology on *Solar and Smart Energy Systems* to promote the startup and Innovation culture in the university on 28th April 2016.

Purpose of the FDP

Solar and Smart Energy Systems involves hands-on experience on two emerging fields - Renewable energy and Electrical Energy Efficiency. In the first session, participants learn about renewable energy sources and the techniques to yield electrical energy using solar power. This includes practical exposure to solar energy production along with real-life application of charging mobile devices. The second session starts with concepts on Smart energy and other industry trends like green energy, smart building, smart grid and energy harvesting technologies.

Participants of the workshop

72 participants have attended the workshop out of 94 registrations and get benefitted in terms of current trends and research on Solar Energy Systems and its Applications.

Keynote Speaker: Mr. Piyush Vyas, Assistant Vice-President, e-Sunscope, Jaipur

Workshop Contents

This FDP is designed to give insights about antenna technology and its applications in the digital world. The program starts with the basics of antenna terminology and covers the designing of the said technology. The important topics covered in the FDP are:

- Renewable energy - An Introduction
- Solar panel – Functioning & Applications
- Smart Energy Systems – Necessity & Implementation
- Electronics
