| <b>Claim</b>                                  | <p>The University has total 560 working computers spread across 17 labs available for the students. In total there were 1729 students during 2019-20 and the computer ratio comes to is 1: 3, which is quite adequate. The Geo-Tagged photographs of various labs are attached. In view of the above facts, the University claims full score in this metric.</p> |
