# JAGANNATH UNIVERSITY ALUMNI ASSOCIATION

## *1st E-Alumni Meet*

5<sup>th</sup> Sep. 2020

### **A BRIEF REPORT...**

*Like branches of a tree, our lives may grow in different directions, yet our roots remain as one.*

The alumni play a significant role in the functioning and success of any academic institution by supporting developmental activities and being role models for the promising students of the upcoming batches. Jagannath University has been nurturing young minds for past so many years with the belief that *"The heart of education is the education of the heart"*, and this is what keep us connected. It gives all of us a feeling of deep pride when we see that our Alumni is doing wonderful and moving ahead in their careers. Whether working with some corporate or on their own our alumni have always made us proud. Our great family constituting of various departments of the university, faculty, students and the alumni is moving ahead as a solid body to take care of and support each other. The gaps are diminishing, communication amongst each other building up with smooth consistency.

To capture the indomitable force of the alumni and with the objectives of, : (a) providing a forum to establish a link between the alumni, faculty, staff and students of the university and to help interaction between past and present students, (b) contributing towards the welfare of the alumni, (c) creating awareness among students about the career opportunities available in Industries, (d) informing about the progress of the university and placements and suggestion from Alumni for the academic progress of students and university and, (e) providing opportunity to alumni to express their views about university, from time to time we have organized various alumni meets at the departmental level in the University. Moving a step ahead and to give a formal shape to this bond the university registered its Alumni Association this year in the month of February. Since then

efforts were made to conduct the alumni meet and strengthen the ties with the alumni, but due to the pandemic the planning of a physical Alumni meet transformed into a virtual meet. After much of discussion with the various departments and members of the association, the schedule was prepared. For the purpose of inviting the alumni a flyer was prepared after which calls were made on the available data and invitations were sent to the alumni through mail and WhatsApp. Out of 2550 Alumni we got a registration of 342 Alumni.

On 5<sup>th</sup> September 2020, the alumni association organized its first E-Alumni meet, for the entire university (Faculty of Engineering and Technology, Faculty of Management, Faculty of Law, Faculty of Architecture, Faculty of Science, Faculty of Education) for the batches passed out in the year 2016, 2017, 2018 and 2019. Since the meet was virtual, 50 alumni got connected through Zoom and approx 1500 alumni joined us through You Tube, where the event was live streamed. Not to forget that every year we would celebrate Teachers day with the existing students, but this pandemic gave us a chance to celebrate it in a different and interesting way, with our old students. It was indeed a nostalgic feeling to be connected with them after so long.

The event started with the speech by Dean Alumni Dr. Jyotsna Sharma, followed by address by Hon'ble President Dr. Vaishali Sharma and address by the Registrar Mr. Tanmay Pattanayak.

We wanted to make them relive the moments they've spent here in the campus and as they say, **"Because every picture tells a story"**, there was a video presentation from all the departments. The presentation was followed by Alumni talk, wherein two alumni from each department participated.

The alumni association added another feather to its cap by launching its first alumni magazine **"JU ALMA KONNECT"**. This magazine is a step towards amplifying the connection between the alumni and the university. The alumni of this university have always been affable and supportive and this is yet another forum through which we get a chance to stay in touch with each other.

As this is the inaugural issue of the magazine, we have tried our best to present it in such way that the alumni can know more about their Alma Mater and about the development that have taken place In the University. Besides this, various sections has been included in the magazine which has profile of some distinguished alumni and articles written by them.

In the end the Alumni shared their experiences and suggested that more of such events should be organized on a regular basis in the university. The following feedbacks were received from the alumni.

**Feedback from the Alumni**

- The alumni were happy that such activities help them re-connect with their Alma-Mater.
- They would like to contribute for placements and internships of their junior batches.
- They requested that the previous faculty members, who have taught them and have left the university, should also be invited as special guests.
- They requested that it should be conducted every year.

In the end the Registrar Mr. Tanmay Pattanayak concluded the Alumni meet by thanking everyone and with a promise to conduct a physical meet as the things get normal.
